PLOT PLAN EXAMPLE

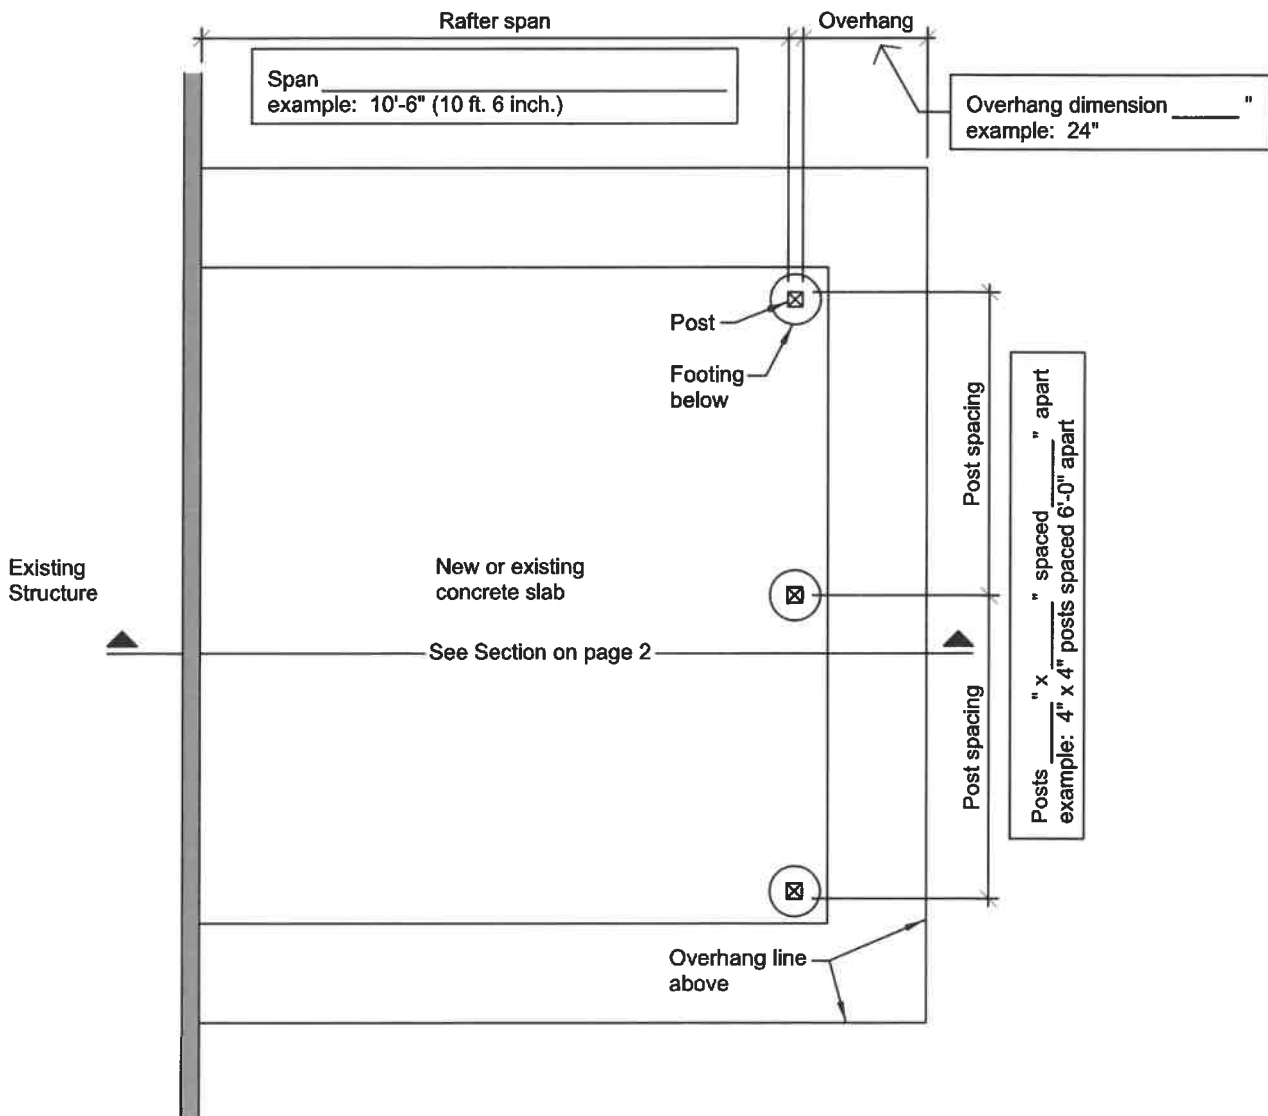

SCALE (1" = 30'-0" IS RECOMMENDED)

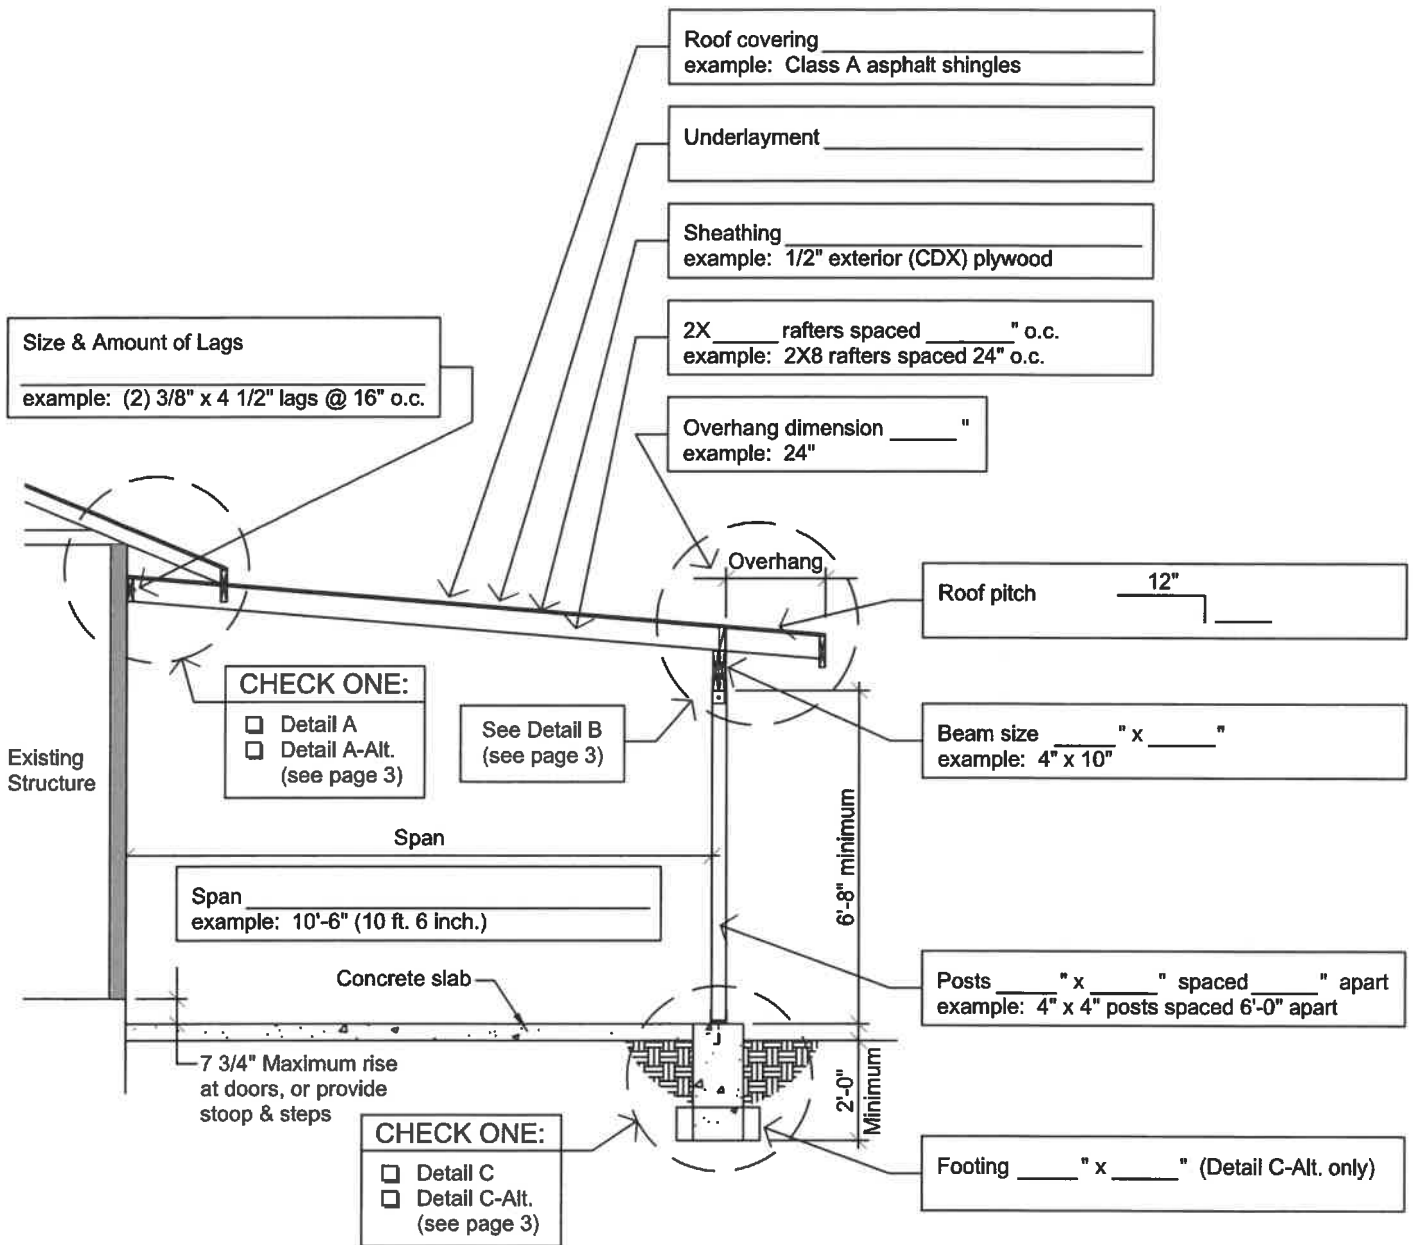

Single Family Residential Patio Covers & Carports

Directions:

1. Fill in the blanks with dimensions and materials which will be used to build the structure. Please print legibly.
2. Indicate in the check boxes which details from page 3 will be used. You must keep at least two sides of the carport open to meet building code requirements.
3. Roofing to be installed per manufacturer's instructions, including low slope application and required inspections.

Patio/Carport Plan

Note:

A patio cover shall be permitted to be supported on a slab on grade without footings, provided the slab is not less than 3.5 inches thick & the columns do not support a live & dead loads in excess of 750 pounds per column.
