EXTERIOR PLASTERING (“STUCCO”) SYSTEM CERTIFICATION

It shall be the responsibility of the installer to verify that all work complies with the requirements of the applicable adopted code (2018 IRC or 2018 IBC), the International Code Council Evaluation Services Report (ICC ESR) for the system being installed, and/or the manufacturer’s installation requirements, specific to the installed product. By completing this form, the installer assumes all responsibility for the installation of the specified Exterior Plastering (“Stucco”) System. This form will also act in the place of any required onsite Special Inspections, as mandated by the product’s International Code Council Evaluation Services Report.

The following form shall be completed, with an original signature, and shall be presented to the Building Inspector at time of Final Inspection.

This form shall be in addition to the product installation certifications required by some manufacturers, as per the applicable International Code Council Evaluation Services Report. Furthermore, the installer shall schedule the lath and final inspection through the City of Fernley Building Department.

PROJECT:
